Dear Ms. Furman,

Section 545.356 of the Texas Transportation Code, as amended by House Bill 2682 passed by the 81st State Legislature and effective June 19, 2009, allows the governing body of a municipality to declare a lower speed limit of not less than 25 miles per hour for two lane undivided streets within its jurisdiction.

Under Chapter 545 of the Transportation Code, the definitions rely upon Chapter 541.002. GOVERNMENTAL AUTHORITIES. In this subtitle "Department" means the Department of Public Safety acting directly or through its authorized officers and agents.

Although City Code Section number 2009-10 was passed by our City Council on October 15, 2009 establishing a 25 mile per hour speed limit within the City of Olmos Park, Texas, the installation of regulatory signs was not completed until May of 2010. The police department did not begin enforcing the 25 mile per hour speed limit until June 1, 2010 at which time only warning citations were issued during a thirty day period.

Attached please find the 2010-2011 data indicating the number of traffic and warning citations, the alleged speed of the vehicles, and the number of vehicular accidents that resulted in injury or death and were attributable to speed limit violations, as required by House Bill 2682. This information will also be published on the City of Olmos Park internet website at www.olmospark.org no later than February 1, 2012. Please contact me if you require any additional information or documentation.

Sincerely,

Fred Solis
